

ICMLDE2025.012

Title of Special Session	Emerging trends in Machine Learning and Deep Learning
Topics of Interest: Topic 1 Topic 2 Topic 3 Topic 4 Topic 5	The topics should be in the theme and scope of the ICMLDE2025 conference- • Machine learning framework for vehicular networks • Reinforcement learning for Virtual Resource Allocation in Cloud • Content Similarity Analysis and Evolution Analysis • Big data storage, processing, sharing and visualization • Social-graph analysis
Session Chair Name: Affiliations: Email:	Dr. Sudeep Tanwar Institute of Technology, Nirma University, Ahmedabad, Gujarat, India sudeep.tanwar@nirmauni.ac.in Dr. Jitendra Bhatia Institute of Technology, Nirma University, Ahmedabad, Gujarat, India jitendra.bhatia@nirmauni.ac.in Dr. Joel J.P.C. Rodrigues Amazonas State University, Manaus - AM, Brazil joeljr@ieee.org
Co-Chairs Name: Affiliations: Email:	Dr Navin Kumar Indian Institute of Information Technology Vadodara, India naveen_kumar@iiitvadodara.ac.in Dr Shilpa Gite Symbiosis Institute of Technology, Pune, India shilpa.gite@sitpune.edu.in Dr Uttam Chauhan Gujarat Technological University, India ug_chauhan@gtu.edu.in Dr Nilesh Patel Jaypee University, Guna, India nilesh.patel@juet.ac.in
